

Conference Teaches Hamilton County How To Be Healthy and “Green”!

Currently our media is covering several problems involving the Environment:

- food recalls
- toy recalls
- weekly lead testing
- algae forming from the pesticides into Morse and Geist Reservoirs

The truth is most people do not realize the “power of one new Eco-friendly habit can really make a difference in our community, state and country.

A word - “Green” has recently come into use to describe:

- Healthy
- Sustainable
- Life-friendly processes and
- Products

Come to the Eco-Footprint Conference to learn how this simple word impacts your life in a big way.
